

EARN CREDITS OVER THE SUMMER!

East Troy High School students may take advantage of summer school courses in order to earn credits during the summer of 2024. Wondering why you might want to earn credits during this summer? There are several reasons!

- Earning additional credits may allow you to graduate early in order to jump start college courses, work full time, begin trade school, or participate in an apprenticeship.
- Scheduling required credits over the summer may free up your schedule to take more exploratory electives during the Fall, Winter, or Spring trimesters.
- Fulfilling prerequisite courses over the summer may allow you to take Advanced or AP courses in the future.
