

To all parents, community members and supporters of the East Troy Community School District:

As the school year began, we had the great fortune of hearing our high school students share their thoughts and excitement related to our new and updated learning spaces.

These new facilities will have a significant and long-term positive impact on our school district and community, and they certainly represent a point of pride for us all. Our students now have access to facilities, furnishings and equipment that foster personalized learning environments and encourage creativity, critical thinking, collaboration, communication and content. In addition, we have continued to make facility updates that support the safety of all students.

Whether you voted for or against the referendum, you should know that these improvements have been for the betterment of the students within the East Troy Community School District. They also provide another very good answer to a key question from prospective families, who may ask, "Why should we send our child(ren) to East Troy?"

With that, please join us **Tuesday, October 25, 2016** for the grand opening of our new high school learning spaces. There are several options available:

- 5:30 p.m. – Welcome and Overview
- 5:45 p.m. – Staff guided tours with **student representation** within various areas to share and demonstrate the new spaces and equipment.
or
- 6:30 p.m. – Welcome and Overview
- 6:45 p.m. – Staff guided tours with **student representation** within various areas to share and demonstrate the new space and equipment
or
- 5:30 – 7:00 p.m. – Self Guided Tours with QR codes available to assist with photos, videos or written descriptions of the new spaces.

Taking just 45 minutes of your time, you can learn what has students so excited about learning in East Troy. Even if you are a community member without a direct relative inside the district, you are invited to come see all of the great things happening within our schools.

Finally, this is a great opportunity for parents and community members to witness the types of personalized learning environments the East Troy Community School District offers to each and every student. We are excited for the future as we continue to strive toward providing learning environments that truly engages children into their educational experience.

Respectfully,

Dr. Christopher G. Hibner
District Administrator

Kevin Kitslaar
H.S. Principal

Stacey Kuehn
H.S. Principal
