

In order to apply free and reduced lunch status to the reduction of the standard registration and course\* fees, which allows free and reduced costs to families with a free/reduced status, schools must first obtain the parent's consent for such use. Therefore, we must **annually** have your permission to share your information.

School Year:

**No!** I do not want information from my Free and Reduced Price School Meals Application shared for a registration and course\* fee reduction.

- **This option will result in full registration and course\* fees being charged for the school year.**
- **Forms not returned will default to this option.**

**Yes!** I do want school officials to share information from my Free and Reduced Price School Meals Application for a registration and course\* fee reduction for the school year.

- **This option will result in approved reduced lunch applicants to have basic registration and course\* fees reduced by 50%, and approved free lunch applicants to have basic registration and course\* fees waived.**
- **All other fees will remain at full cost.**
